Congregational Scholarship Endowments
Legacy and Loyalty

Congregational life is all about supporting one another, serving the neighbor, and seeking to extend the message and ministry of the church for the sake of the present and future generations. It is what the church has been called to do.

Texas Lutheran University has been blessed by congregations that regularly support the Lutheran Advantage Scholarship (tlu.edu/lutheranadvantage) with their annual gifts. Some congregations have gone above and beyond by establishing an Endowed Scholarship to benefit students at TLU. This may be something for you or your congregation to consider.

- Congregations faced with the difficult decision of closing their doors have memorialized their years of fruitful ministry by setting up an endowed scholarship.
- Congregations that have been blessed with abundant resources, as well as a heart for young adults, have set up endowments at TLU to benefit students.

Scholarship Endowments speak to our hopes for the future and our confidence in our young people. They are a gift we bestow – not only on students – but on the future of our congregations and communities. Endowments are professionally managed and protected by the agreement you establish with the university. Most of all they are an expression of our strong faith, enduring values, and loyalty to the mission of Christ’s church in and for the world.

As we celebrate our 125th anniversary in 2016, we feel a remarkable gratitude for the many individuals and congregations who have joined us on this journey. We thank you for sharing with us your encouragement, gifts, prayers and young adults. Together we have been faithful to the Lutheran ideals of education, vocation and service.

We hope you will remember TLU in prayer in your worship services and that you will financially support the Lutheran Advantage Scholarship. Please also consider joining the ranks of those who have established Congregational Scholarship Endowments. Your gifts often make all the difference in a student’s success at Texas Lutheran University.

Texas Lutheran University appreciates the long heritage of support and partnership that we have enjoyed with Lutheran congregations since our beginning in 1891.
