This act is designed to protect the privacy of a student's educational records and the right of a student to his/her records. The Student Handbook and the TLU Bulletin both describe the policies that govern maintenance of and access to a student's personal and academic records. The policy permits disclosure of educational records under certain limited circumstances and routine disclosures, at the University's discretion of information defined by the University as directory information. Texas Lutheran defines directory information as the following: name, local , permanent and email address, phone number, major, minor, photo, participation in sports, height and weight of athletes, degree candidacy, degrees and awards received, number of registered hours, classification, academic honors, dates of attendance, and previous colleges attended. You have the right to prevent the disclosure of directory information by filing a request in writing in the Office of Registration and Records on the Request to Prevent Disclosure of Directory Information form (which is available in the Registrar's office). ## **Compass Requirements**

TLU's general education curriculum is called Compass. Compass has 3 parts: foundation courses, distribution courses, and competencies (and associated skills). Below are the requirements for each of the three areas.

### **The Foundations (18 hours)**

- Basic Quantitative Literacy: MATH 130 or higher
- Critical Reading: FREX134
- Engaging Faith Traditions: THEO133
- Modern Language: Any modern language at the 131 level or higher
- Written Communication: COMP131 & COMP132

### **The Distributions (30 hours)**

- Arts  
6 hours from the following: ARTS130, DRAM, MUSI, VART
- Humanities & Culture  
12 hours from the following: HUMA130, AFAM, COMM, ENGL, HIST, MAST, Modern Languages, PHIL, THEO, WOST  
No more than 2 courses from any single discipline or from the modern languages can count toward this requirement.
- Natural Sciences & Math  
6 hours from the following: NSCI 140, BIOL, CHEM, CSCI, ENVS, MATH, PHYS, STAT  
At least one course must be a natural science course taken with a lab.
- Social Sciences  
6 hours from the following: SSCI130, CRCJ, ECON, GEOG, POLS, PSYC, SOCI

### **The Competencies**

Through completion of the foundation and distribution courses listed above, and also through selected courses in their majors, students will be developing important competencies. Course offerings designed to meet each competency will be identified in the schedule of classes with a competency code attached to the course number. Students will be required to take courses with the following competencies:

- Critical Thinking (T): 3 courses
- Effective Communication (C): 2 courses
- Engaged Citizenship (Z): 3 courses
- Ethics (E): 1 course

Competencies are identified in the fourth component of the course number. For example, VART-136-01-C is an Art Appreciation course that meets the Effective Communication competency requirement. Some courses will not have a competency. For example, GEOG-331-01 is a Geography course that does not satisfy a competency requirement.

### **Reflective Modules**

Reflective modules are co-curricular explorations that are designed to help students develop their skills as lifelong learners in structured learning environments outside of traditional classroom settings. Various foundational capacities and core competencies will be developed during these intensive experiences. These reflective modules set the foundation for students' understanding of the ways that what they learn in their education will be connected with all the experiences of their lives. Ideally, these reflective modules support student reflection on their development in curricular and co-curricular experiences. Module requirements are:

- New TLU students who are required to take FREX must complete 3 modules.
- New TLU students who are not required to take FREX must complete 2 modules.

Additional module information:

- Students who take FREX must complete the Paw Print module.
- Students who transfer to TLU as core complete are exempt from the module requirement.
- Students who transfer to TLU with 75 or more hours are exempt from the module requirement.
- Preferably, the majority of reflective modules are completed by the end of the sophomore year.
- Students can register for a maximum of two modules per semester.
- Modules are assessed as Credit/No Credit.
- Modules may not be repeated even if the grade of No Credit is received.
- Students can take more than three modules if they wish.

### **Race, Identity, and STEM**

**T. Sauncy**

This module is for students who are interested in exploring race, identity and STEM (Science, Technology, Engineering, and Mathematics). We will explore the ways racial/ethnic and STEM identities are constructed and we will examine the ways that these identities can inform and empower students to have successful careers in STEM fields, even when they are in a group that may be currently underrepresented in those fields. In addition, we will learn about the importance contributions of many African American and Hispanic/Latinx scientists and mathematicians to STEM fields.

All meeting times are required.

### **Cooking with Shook**

**L. Shook**

What are you having for dinner tonight? What could you have? Join Dr. Shook in the “kitchen” as we learn to prepare, cook, taste, and enjoy food. No experience required. We will take field trips to the grocery store, try our hand at growing ingredients, and end with a student-designed dinner party.

### **Equine Facilitated Learning**

**R. Bisha**

Have you ever had a conversation up close and personal with a donkey, mule, or miniature horse? This module gives students a chance to meet some equines both online and in-person and find out about a modality for self-exploration that is gaining in popularity: equine facilitated learning. As prey animals who live in herds, equines are particularly attuned to getting along with others and skilled in observing anyone in their surroundings. When we humans observe and interact with them, we touch another way of perceiving the world that can give us insights into our habitual ways. These insights can contribute to our self-development. The leader of this module is certified to facilitate equine facilitated learning experiences in person and in a virtual arena. The module may be completed virtually.
