

Interdisciplinary Studies Degree Plan Outline

Proposed Major: Interdisciplinary Studies in _____
 (Examples: Math & Chemistry, Writing for the Sciences, Global Cultures, etc.)

Goal(s): _____
 (Examples: A career in education, preparation for a graduate program in the medical field, etc.)

Identify at least two academic disciplines. For each, list the specific upper-division courses that will be counted toward the major and the semester in which they will likely be taken. (Example: ENGL 379, Fall 23) Courses listed must total at least 33 credit hours. **The first major area must include at least 12 credit hours; the second must contain at least 9 credit hours.**

Area 1: _____

Course	Semester	Credits

Area 2: _____

Course	Semester	Credits

Additional Coursework (if needed to total 33 hours)

Course	Semester	Credits

Senior Thesis

Course	Semester	Credits
