FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Texas Lutheran University complies with the Family Educational Rights and Privacy Act of 1974. This act is designed to protect the privacy of a student's educational records and the right of a student to his/her records. The Student Handbook and the TLU Bulletin both describe the policies that govern maintenance of and access to a student's personal and academic records. The policy permits disclosure of educational records under certain limited circumstances and routine disclosures, at the University's discretion of information defined by the University as directory information. Texas Lutheran defines directory information as the following: name, address, phone number, major, minor, photo, participation in sports, height and weight of athletes, degree candidacy, degrees and awards received, number of registered hours, classification, academic honors, dates of attendance, campus email address, photographic/videotaped images, and previous colleges attended. You have the right to prevent the disclosure of directory information by filing a request in writing in the Office of Registration and Records on the Request to Prevent Disclosure of Directory Information form (which is available in the Registrar's office). Such a request is good for one semester only.

The Competencies

Through completion of the foundation and distribution courses listed above, and also through selected courses in their majors, students will be developing important competencies. Course offerings designed to meet each competency will be identified in the schedule of classes with a competency code attached to the course number. Throughout their course of study, students will be required to complete each competency category:

- Critical Thinking (T): 3 courses
- Effective Communication (C): 2 courses
- Engaged Citizenship (Z): 3 courses
- Ethics (E): 1 course

Competencies are identified in the fourth component of the course number. For example, VART-136-01-**C** is an Art Appreciation course that meets the Effective Communication competency requirement. Not every course will have a competency. For example, GEOG-331-01 is a Geography course that does not satisfy a competency requirement.

Reflective Modules

Reflective modules are co-curricular explorations that are designed to help students develop their skills as lifelong learners in structured learning environments outside of traditional classroom settings. Various foundational capacities and core competencies will be developed during these intensive experiences. These reflective modules set the foundation for students' understanding of the ways that what they learn in their education will be connected with all the experiences of their lives. Ideally, these reflective modules support student reflection on their development in curricular and co-curricular experiences.

For more detailed information and a meeting schedule for each module, go to the Student Life page of myTLU.
